The Pavilion Terrace, Sunset

A romantic ceremony, held in the late afternoon, when the heat of the day has lifted and there's a soft, natural light. The tiled terrace is an elegant stage against a backdrop of the magnificent Pitons, the Infinity Pool and the Caribbean sea. Ceremonial style seating for up to 25 people is arranged on the partially shaded terrace, to witness the couple's commitment to one another, led by an officiant or pastor.

After the ceremony, celebrations start with bespoke Cosmos cocktails and mocktails, based on the couples preferences and seasonal ingredients. They are served on the Fountain Terrace with its calming water feature and sunset view. This is a popular time for photos against a variety of backdrops - the Pitons, the Infinity Pool, the terraces and the sunset. A St Lucian musician may add to the occasion, playing gentle violin or guitar. Or the wedding couple may share playlists and use The Villa's complimentary Bluetooth speakers for soft background music. Around six o'clock the setting sun starts to spectacularly paint the sky, bringing an extraordinary ambience to the reception.

Hors d'oeuvres may be served to accompany the cocktails. For dinner, choose from a five course Flavours of the Caribbean menu, a Surf and Turf Barbeque Buffet menu or our Private Dining menu. The wedding party dines in The Cantilever, a unique solid wood structure pointing due west to the sea and sunset. The long table is laid either with our all white tableware and clear glassware or our vibrant Colours of the Caribbean collection. A stunning celebratory cake is available from a top pâtissier and is displayed on the Marble Bar in The Cantilever. Champagne or prosecco is available for the speeches and toasts.

After dinner, quests may relax on the lounge seating in The Cantilever, head to the various terraces to stargaze or embrace some joyous dancing, courtesy of a local band or DJ. St Lucian coffee, locally made Emerald Estate chocolate truffles and best quality aged St Lucian rum round off your special day.

Planning

There are a few options for weddings at Cosmos. Our iconic Sunset Wedding - for up to 16 residential guests - draws on our extensive experience as hosts, our established relationships with local suppliers, and is managed in-house. Alternatively, for larger, more elaborate celebrations not exceeding 25 guests in total (residential and non residential), a Wedding Planner is required. Smaller impromptu elopements and simple private ceremonies have also taken place at Cosmos and require little planning.

Ceremony

Choose an officiant or pastor to oversee your ceremony. Whoever you choose, they will want to speak with you prior to the occasion, to help plan the ceremony content. Most couples get their marriage license in their home country and only hold the ceremony in St Lucia. However it is possible to get a marriage license in St Lucia.

Decor

Choose from our all white tableware and clear glassware or our vibrant Colours of the Caribbean collection. Alternatives can be arranged if you choose to work with a Wedding Planner.

Informal Flowers

We buy flowers directly from farmers in the nearby rainforest and arrange them in our glass vases. Primarily these are pink and red ginger and anthurium lilies, as well as orange heliconia and birds of paradise. The Bride may also wish to use a selection of these for an informal bouquet. In addition, purple and pink bougainvillea blossoms from the Cosmos gardens add a splash of colour on our table settings, and may also be used to make casual buttonholes.

Formal Flowers

An alternative option is to work with a local florist who can provide more elaborate and structured arrangements, formal buttonholes and a bouquet for the Bride. The florist can also create an arch or flower-topped pedestals to frame your ceremony.

The preparation of all food and drink is led by our House Manager who formerly ran a restaurant in the seaside resort of Laborie. For celebratory occasions she is supported by guest chefs, many who have worked in some of St Lucia's finest hotels. All meals at Cosmos are steeped in our ethos: creating a magical experience while minimising our footprint on the beautiful island of St Lucia.

We have carefully crafted a Private Dining menu of delicious home cooked meals that Cosmos guests enjoy throughout their vacation. This is also available for special occasions; choose from three or four courses. In addition, we have specially created celebratory menus, offering a mouthwatering journey through native tropical flavours and seasonal produce.

"We all agreed that our meals at Cosmos rivaled – if not beat – our dinners eaten out (at excellent restaurants). A true testament to the talent within the home."

Rehearsal Dinner

In anticipation of the actual wedding day, many couples choose to host a rehearsal dinner the evening before. Both the Surf and Turf Barbeque Buffet and Private Dining menus are available. For Private Dining, select one dish per course (one starter, one main, one dessert), as we are unable to offer multiple dishes in any one course.

Cake

We commission stunning celebration cakes from a top pâtissier in the capital, Castries. The cake maker has mastered a unique marbling technique that renders these cakes works of art. Cakes are finished with rich butter cream or elegant fondant in your choice of colours, and decorated in varying themes, from beach-rustic to more traditional wedding florals. Flavours available include vanilla, chocolate, coconut, red velvet, lemon-basil, vanilla rum and cookies and cream. Choose from two sizes: single tiers 6-8", serves 14; two tiers 6" or 9" (tall) or 7" or 10" (short), serves 20+.

Think ahead and choose a material for your wedding dress which is going to breathe and keep you cool on your big day. Loose fitting fabrics such as chiffon and organza are perfect for a tropical climate. For men, a summer suit is a perfect solution. Consider a breathable fabric such as linen, khaki, or seersucker.

The Caribbean climate is great for naturally removing creases from hanging clothes, but a steamer is also available.

Music

Live music adds to the sense of occasion. A variety of musicians have performed at Cosmos, from soloists to full bands. We have curated a shortlist on our Celebrations Planner, featuring links to give a taste of what each artist offers, where available. Out of respect for our hillside neighbours, please note music must not be audible outside of the property after 10pm.

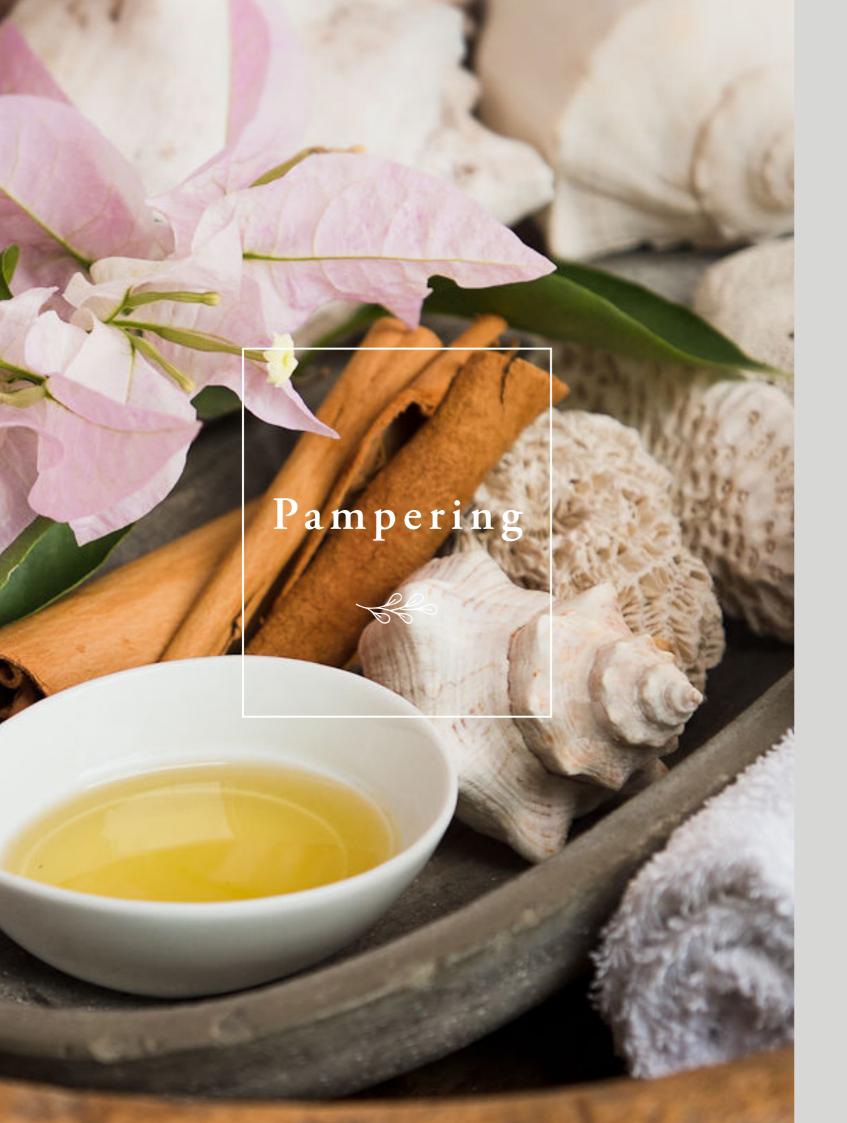

Photography & Videograpy

Please request our Celebrations Planner for recommendations directly from couples previously married at Cosmos, many of whose photos feature in this Guide.

We've designed superb in-house spa treatments that ease tensions and unwind the mind, body and soul. Therapists are available to provide full body massage, manicure and pedicure. Bookings can be scheduled before or after the celebrations. Hair styling and makeup is also available for the wedding day if required.

Your Private Paradise

Cosmos St Lucia offers an exceptional openair living experience. With plenty of room to spread out, you may easily enjoy your entire vacation at Cosmos. Bring a yoga mat to boost your practice with the next-level energy, your binoculars for bird watching (we have a soft spot for the Hummingbirds) and a pack of cards for evening games. Or just enjoy making memories with your loved ones. And if you choose to explore the local area, our House Manager can advise you on hillside walks, beach access and standard safety protocol.

Eco Luxury

Learn all about our approach to <u>eco luxury</u>, Cosmos style. For each guest who pays to offset their return flights' carbon emissions, we will match their contribution with a donation to the Soufrière Foundation, a non-profit established by the people of Soufrière to support and coordinate local development initiatives in the region.

Beach Access

Our guests have access to numerous beaches, including our local Hummingbird Beach with its newly developed park of brightly painted beach huts offering food, beverages and souvenirs. Malgretoute beach, at the foot of the Petit Piton, offers excellent snorkelling, as do other more secluded beaches that can be reached by boat. Hotel beaches such as those at Anse Chastanet and Sugar Beach may also be accessed, but some have been closed during the Covid 19 pandemic. Most beaches charge a fee for use of lounge chairs and restroom facilities.

Concierge Access

Our House Manager Shermika lives on site and has in-depth local knowledge of the island. She is available to help organise transport, book restaurants should you choose to dine out, arrange local activities such as boat trips or any other enquiries.

Wifi

Cosmos has WIFI throughout thanks to a booster system that carries our signal from the main Villa, to the Pitons terrace, Garden Studios and the Lodge.

Music

Bluetooth speakers are provided for guests to enjoy but do take care to keep the volume at reasonable levels in consideration of our neighbours on the hillside. Music must be switched off (or barely audible from outside The Villa) between 10pm – 10am.

Cinema

In the Pavilion Lounge there is a projector available to connect to your laptop, with relaxed seating available for up to 8 guests. Please enquire.

Transport

We have a trusted reliable driver who is regularly booked by our guests. His van accommodates up to 15 people, or 11 people with luggage. Larger parties can also be accomodated. He also has a small vehicle for 2-4 guests.

Expand your vacation experience with a variety of Covid-19 certified activities nearby. See our blog for recommendations and the latest news. Below are suggested activities during a seven day vacation at Cosmos.

- 3. Let us know your preferences and we will respond with a tailored estimate.
